## Straight And Curl Iron

Thank you for choosing to buy the JRL Forte Pro

### IMPORTANT SAFETY INSTRUCTIONS

1. Do not stretch the cable, place the cable under strain or unplug by pulling on the cable. The use of an extension cable is not recommended. If the cable is damaged, it must be replaced or repaired by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
2. Keep the cable away from heated surfaces and do not wrap the cable around the appliance.
3. Unplug the appliance from the power outlet when it is not in use. Do not handle any part of the plug or appliance with wet hands.
4. Do not use this appliance near bathtubs, showers, basins or other vessels containing water. Do not use the appliance with wet hands, in a damp environment or on wet surfaces.
5. Do not immerse the appliance in water or other liquids.
6. If the appliance is not working as it should, if it has been dropped, damaged, left outdoors, or dropped into water, please do not use and contact JRL helpline.
7. Contact the JRL helpline when a repair is required. Do not disassemble the appliance as incorrect reassembly may result in an electric shock or fire.
8. When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is turned off. For additional protection, it is recommended that a Residual Current Device (RCD), with a residual operating current not exceeding 30 mA is installed in the electrical circuit supplying the bathroom.
9. This appliance cannot be used by children. It can be used by persons with reduced physical, sensory or reasoning capabilities, or lack of experience and knowledge only if they have been given supervision or instruction by a responsible person concerning use of the appliance in a safe way and understand the hazards involved.
10. To clean the appliance surface, unplug the appliance. Do not use aggressive products containing phenyl phenol.
11. This hair straight and curl iron is intended for the smoothing and shaping of human hair, under no circumstances may it be used for wigs and hairpieces made of synthetic material.

### OVERVIEWS

MODEL	SPECIFICATION		
JPA067-1	AC220-240V	50Hz	65W
	AC100-120V	60Hz	65W

### INSTRUCTION

#### Before straightening

The hair should be clean, dry and free of styling products.  
Comb the hair thoroughly before straightening so that there are no knots in it.

#### Turning on

Insert the power plug into wall socket. Press the On/Off switch.  
The temperature will increase to default setting 210°C/410°C.  
Press the temperature (+) button to select the temperature you want.

#### Adjusting temperature

Press the temperature (+/-) control buttons to select the temperature that suits your hair type and styling preference.

#### Digital LCD Display

The LCD display shows the operating temperature clearly. When the temperature of the straight iron plates the specified temperature, the LCD display will change from blue to red.

Color	Blue	Green	Red
Temperature	60°C-160°C	161°C-185°C	186°C-240°C

#### Turning off

Press and hold the power button until the LCD display turns off.  
The straight and curl iron will automatically turn off after 1 hour continuous use.

### WARRANTY

1. Under normal conditions of proper use and maintenance of the product, the warranty period of the product is 1 year.
2. This guarantee will only be valid if the appliance is used in the country in which it was sold.
3. The following conditions are not covered by the warranty service:
4. This warranty card is the only warranty certificate, please store it properly along with your proof of purchase.
5. The company will charge a maintenance fee for products without a warranty card or beyond the warranty period.
6. Please send the appliance in need of repair or warranty directly to the designated JRL domestic service center for repair, maintenance, or replacement.
